⁵ The cover provided under Green Cards issued for the Republics of Azerbaijan, Cyprus and Serbia is restricted to those geographical parts of these countries which are under the control of their respective governments.

⁶ Green Cards issued by the Cyprus Bureau are accepted by the SBA – Sovereign Base Area (as per SBA Ordinance relating to compulsory motor insurance) even though the scope of cover given by Green Cards does not strictly speaking include the SBA.

⁷ The Green Card system does not apply in the areas of the so called “Turkish Republic of Northern Cyprus”. The CY Bureau has the competence although not currently exercised, due to the fact that the Government of the Republic of Cyprus does not exercise effective control for the time being.

⁸ Although this area *de jure* forms part of the Republic of Cyprus (as per the Accession Treaty), the application of the MID is suspended for the time being like all other European legislation.

⁹ It is an island situated in the Baltic Sea in the proximity of the mainland. Åland is one of the provinces of Finland and it has been granted a provincial autonomy. The Parliament of Åland exercises legislative power within the framework permitted by its autonomous position. Otherwise, the laws enacted by Finland's Parliament apply. According to the Act on the Autonomy of Åland section 27 the State (Finland's Parliament) shall have legislative power in matters relating to insurance contracts which means that the act governing motor liability insurance shall be applicable also in Åland.

¹⁰ The Transnistrian Region falls outside the de facto control of the Republic of Moldova.

Republic of Moldova is a sovereign and independent state, the territory integrity of which is recognized by all members of the International Community which are the subjects of the international law. The Government of the Republic of Moldova, central and local authorities of public administration repeatedly declares that the clauses of the international agreements, as well as the ensuing obligations, are equally applied and valid on the both banks of the Dniester River, as well as on the whole Moldovan territory. As the International Community and the Moldovan Government don't recognize the separatism of the Transnistrian region and consider this area being part of the Moldavian state territory, the National Bureau of Motor Insurers of Moldova extends its competence on the mentioned region accordingly. In this respect, the National Bureau's members issue Green Card policies for the vehicles with Transnistrian registration plates, but only with insurance territorial cover for Russia, Ukraine and Belarus (Green Cards for *so called Zone I and Zone II*) – countries which are accepting the circulation on their territory of vehicles with such registration plates.

On the same note and taking into account that European Union States don't accept the circulation of the vehicles with Transnistrian registration plates on their territory, our members don't issue for them Green Card policies valid for all Green Card System member states (Green Cards for *so called Zone III*). Despite all political aspects of the issue referring to Transnistrian region, the National Bureau of Moldova remains in force responsible for all financial obligations arising from Green Card insurance claims and provides its handling and guaranteeing competences for covering damages caused on the Transnistrian area to the foreign persons/vehicles registered abroad and respectively, for covering damages caused abroad by a Green Card policy holder driving a vehicle with Transnistrian registration plate, as well as for false Green Cards under the provisions of art.9 of Internal Regulations CoB.

¹¹ In accordance with a Decision of the Supervisory Board RAMI was granted a permission to authorise its members to issue Green Cards for vehicles registered in Georgia, as of 1st January 2022 valid for one calendar year following this date.

¹² In accordance with a Decision of the Supervisory Board RAMI was granted a permission to authorise its members to issue Green Cards for vehicles registered in Kazakhstan, as of 1st January 2022 valid for one calendar year following this date.

¹³ According to territorial application questionnaire of RUS completed on 24.02.2022. Crimea is claimed by Ukraine. Green Card System is applicable (however, neither Russian nor Ukrainian Green Cards are valid in Crimea, so the Green Card of the motorist visiting this region should be valid in both UA and Rus and then it will be valid in Crimea). Russian Bureau is competent for Crimea.

“Proposal for an interim solution – Crimea”, distributed via circular 151/2014 of 30th December 2014: “*The Council of Bureaux calls upon the Member Bureaux to recognise that the Russian Bureau operates as a temporary claims handler for the territory of Crimea. Such recognition does not entail recognition of the Russian Bureau operating on Russian territory.*”

¹⁴ The cover provided under Green Cards issued for the Republics of Azerbaijan, Cyprus and Serbia is restricted to those geographical parts of these countries which are under the control of their respective governments.

¹⁵ Kosovo and Metohija, the southern Province of the Republic of Serbia, is not politically disputed or claimed by another country. In 2008 Kosovo Albanians declared its independence unilaterally, which has never been recognized by the Republic of Serbia. Therefore, Kosovo and Metohija is politically disputed between the Government of the Republic of Serbia and Provisional Institutions of Self-Government in Priština. Kosovo and Metohija, the southern Province of the Republic of Serbia, is currently outside the *de facto* control of our Government.

¹⁶ De-jure, UA Bureau is competent for the whole territory of Ukraine, de-facto, the UA Government does not control these regions
